# The Right Way to Hold the Pencil

1. Teach “duck talk” with the thumb and pointer finger. Tell the children to put the pencil in the duck’s mouth. That’s how we hold a pencil in kindergarten!

2. Ask the children who are still developing efficient grip to hold a half a tissue, a cotton ball, or even a marble under two fingers. This frees the pencil holding fingers to do their job. Place the child’s fingers on the pencil.

## • Fluency Checklist •

Where are you with your understanding?

**4**

I could understand it and apply it in creative ways.

**2**

I almost know it. But I could use a little more practice.

**3**

I get it! I am right where I am supposed to be.

**1**

I am trying. But I just do not quite get it well.
